28th May, 2015

Research Associate Position in Thematic Unit of Excellence on Nanodevice Technology

Applications are invited from Indian nationals for a Research Associate position in **Thematic Unit of Excellence on Nanodevice Technology** at the S. N. Bose National Centre for Basic Sciences Kolkata, funded by Department of Science and Technology, Govt. of India. The position involves fabrication and characterization of miniaturized devices. The candidate should possess/have submitted Ph.D. degree in a relevant field of science/engineering with a proven record of research publication. The candidate must be experienced in nanofabrication using lithography, thin film deposition, ultra high vacuum experiments and spintronics/magnonics. The candidate must also be willing to contribute in numerical simulations to complement the experiments. Interested candidates are requested to send their recent CV with a list of publications and names and contact details of two references to Registrar, S. N. Bose National Centre for Basic Sciences, Block JD, Sector III, Salt Lake, Kolkata-700098 by 21st June, 2015. A softcopy of the application must also be emailed to tuendt@bose.res.in.

Salary: As per DST rule.

The initial appointment will be for one year and may be extended till the end of the project.
