DEPARTMENTAL SEMINAR

Chemical and Biological Sciences

27th September, 2022

4.00 PM

ONLINE

SPEAKER

Dr. Goutam De

Emeritus Professor,
S N Bose National Centre for Basic Sciences, Kolkata
Associate Editor, Journal of Materials Chemistry A;
Materials Advances (RSC)

TITLE OF THE TALK

Sharing My Experience as an Associate Editor of Journal of Materials Chemistry A

ABSTRACT

As mentioned in the title I will first discuss a general introductory description of this high impact journal emphasizing the area it covers followed by my manuscript handling experiences. I will also discuss some other important topics like how to:

- (i) write an impressive cover letter highlighting the novelty and impact of the work;
- (ii) prepare the whole manuscript in a systematic way keeping in view the scientific clarity and understanding;
- (iii) prepare figures and artwork in an impressive way;
- (iv) discuss the state-of-the-art, and focus on the advances of work either in synthesis & characterization of new materials or application potentials;
- (v) write a conclusion section emphasizing the important results.

Finally, I would request the audiences to take part enthusiastically in the interactive question-answer session if they have any confusion and comments.

HOST FACULTY

Prof. Rajib K Mitra

PROFESSOR, CHEMICAL and BIOLOGICAL SCIENCES
